

THE RIGHT DINING PROGRAM SHOULD NOURISH IN MORE WAYS THAN ONE.

Choosing the right dining platform is as important to your organization as it is to your patients.

Kestgo is a highly-specialized, boutique consulting firm that focuses on improving the patient experience through dining and nutrition solutions. We help you identify and implement a dining program that refreshes, invigorates, and nourishes your patients – leaving them happier, emotionally-nourished, and more loyal than ever.

We help your organization identify and execute the dining program that:

- ✓ Delivers on the KPIs that matter to you
- ✓ Increases patient satisfaction scores
- ✓ Boosts employee engagement
- ✓ Lowers food cost
- ✓ Helps you gain marketshare and separates you from competition
- ✓ Utilizes efficient and innovative staffing models

FOOD AND NUTRITION SERVICES | DINING SERVICES

- We know that it takes more than great clinicians to make healthcare organizations great. For decades, The Kestgo Team has been helping healthcare organizations like yours identify and execute dining programs that nourish patients **and improve the health of your bottom line.**
- Kestgo can help you and your organization achieve its KPIs through a systematic and intelligent approach to Dining Services.

WE PARTNER WITH YOU TO:

1. Understand your Organization's specific needs and challenges.
2. Develop an actionable, measurable plan that includes recommending the dining solution that meets the needs of your specific Health Center.
3. Execute quickly and efficiently, so that you're on the path to higher patient satisfaction, employee engagement, and more.
